Marketing Schedule and Deadlines

We are absolutely dedicated to supporting your growth so we ask you to work with us in partnership at all times. We treasure good communication and timely communication.

- We will send calendar reminders and email notifications to you with regard to all content due in line with your marketing schedule.
- It is your responsibility to provide us with the full copy and images by those deadlines.
- We fully encourage all our members to engage with the content we share about their company through comments, likes and reshares. We cannot stress more heavily that the more engaged you are, the more engaged your audience will be and the further we reach together.
- Should you miss the deadline for a set of social media posts, we will allow these to be rolled over once only to the following month. Because we have a heavy schedule of content to be shared, if we are not given content for these posts in the following month, unfortunately you will lose that set of posts unless we are given 14 days notice to give us time to reschedule.
- Should you miss the deadline for a feature in our Newsletter, we will endeavour to roll this over to another Newsletter date, but this will be subject to availability of new dates/slots.
- We will tag your corporate social handles as well as any personal ones (dependent on whom the post refers to or the author of the feature). You must inform us if you do not wish us to do so before any content is published.
- Prior to the CEO Soapbox kick-off meeting, you will be required to complete the questionnaire [here](#).

Payments

The fee for each membership plan is based on a one-off yearly direct debit set up as a recurring payment and we use third-party services for payment processing (e.g. payment processors).

We will not store or collect your payment card details. This information is provided directly to our third-party payment processors, whose use of your personal information is governed by their privacy policy. These payment processors adhere to the standards set by PCI-DSS as managed by the PCI Security Standards Council, which is a joint effort of brands like Visa, Mastercard, American Express and Discover. PCI-DSS requirements help ensure the secure handling of payment information.

The payment processor we work with is **Stripe**. Their privacy policy can be viewed here: <https://stripe.com/privacy>
