Payments

The fee for each yearly package plan is based on a one-off yearly payment. Package prices are likely to change at the time of renewal. Partners can upgrade to a different package at any time during their payment year but cannot downgrade until the end of their payment year.

If you paid using card payment, we use third-party services for payment processing (e.g. payment processors).

We will not store or collect your payment card details. This information is provided directly to our third-party payment processors, whose use of your personal information is governed by their privacy policy. These payment processors adhere to the standards set by PCI-DSS as managed by the PCI Security Standards Council, which is a joint effort of brands like Visa, Mastercard, American Express and Discover. PCI-DSS requirements help ensure the secure handling of payment information.

The payment processor we work with is **Stripe**. Their privacy policy can be viewed here: <https://stripe.com/privacy>.
